Repair
Damaged
Silk Hose

Restore them to their original perfect condition by the reweaving process of the Stelos System.

The threads are magically caught and rewoven, so skillfully that not the slightest trace of the damaged "run" or "snag" remains.

The Stelos Service is exclusive with us in Springfield. Our only requirement is that the hose are laundered before sent in for repairs.

To appreciate this service is to try it. Our prices are moderate.

Two Ways To Build an Estate

There are two ways to build an estate. One is by gradual accumulation over a period of years.

The other is by immediate creation through life insurance.

Because death, disability, or errors in judgment block success with the first method, 58,000,000 Americans put their faith in the second.

SPRINGFIELD NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their description, each description followed by a numerical arrangement of householders, places of business, and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, store or office at that number was vacant when the canvass was made.

* Denotes parties having telephones.

"(1–A)" indicates marginal index for locating street on the map.

"(Right odd)" after street description indicates odd numbers on right side of street.
